

Join us to learn about the latest technology addition at MSU Genomics Core

Come join us for lunch, and learn about the newest sequencing technology available at the MSU Genomics Core. Discover the unique advantages of the Element Biosciences AVITI System combined with Avidite Base Chemistry (ABC)

Date: Wednesday, October 9th, 2024

Time: 12:00PM - 1:30 PM

Location: Interdisciplinary Science and Technology Building, Room 1404

Agenda

Bringing the AVITI to the MSU Genomics Core

Speaker Info

Kevin Childs, Ph.D.

Director, Genomics Core, Michigan State University

Element's AVITI™ Sequencer: Next Level Sequencing Solution for Multiomic NGS Applications

Speaker Info

Solomon Hailu Ph.D., M.Sc.

Senior Applications Technical Specialist, Element Biosciences
