

HOLIDAY CLOSURE NOTICE

The Genomics Core will be closed from December 23, 2024, to January 1, 2025. The Core will reopen on January 2, 2025.

Samples can be submitted until 3 PM on December 20, 2024. This excludes qPCR submissions.

Off-campus researchers should ship samples no later than December 16, 2024, for delivery on December 17, 2024. Shipments that cannot meet this deadline should be held until January 6, 2025.

Last days for sample submission to receive data before January:

TapeStation and Qubit Flex – Submit before 12 PM (noon) on December 17, 2024

Sanger and Fragment analysis – Submit before 8 AM on December 18, 2024

qPCR – Submit plates before 3 PM on December 19, 2024. Do NOT submit plates after the deadline because they will remain in the submission fridge until January.
